# THE FRANK PAPER

VOL. 4, No. 18.

FRANK, ALBERTA, OCT. 1, 1908.

100 FRANKS

We have received a complete, new range of high class ladies fine dress shirtwaists in fancy nets, in ecru and white. Also a very fine line of Japanese shirt waists, in white, cream and black. Price from \$2.50 to \$10.00.

We have also a set of travellers samples of fur stoles. These consist of ladies and childrens stoles of different designs, and were obtained by us most opportunely; in fact, at such a reduction that we are able to offer them at splendid and attractive values. There are no two alike. Do not fail to see them while they last.

What about a sheep skin lined coat? We have here the following lines: fine gray corduroy, crone tanned, sheering lined, absolutely waterproof, wambat collar, leather reinforced pockets and sweater cuffs.

Price \$13.50 less 10% for cash. Similar coat to the above, but in to ounce brown duck, Price \$10.50 less 10 per cent for cash.

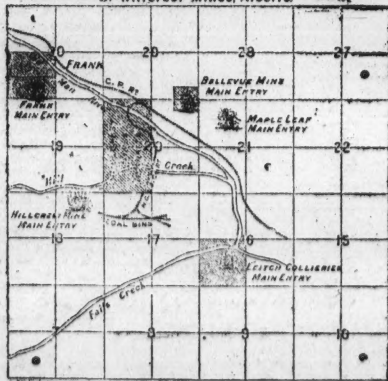

Black to ounce duck, sheep skin lined, sheep skin collar, sleeves fitted with sweater cuffs. Price \$8.00 less 10 per cent for cash.

Best quality of heavy, black mackinaw, leather reinforced pockets, sleeves fitted with sweater cuffs, Price \$6.75, less 10 per cent for cash.

## THE GEORGE COBLEY Co. General Merchants Frank

## HILLCREST THE PITTSBURG OF CANADA.

Sketch showing exact location of Township of Hillcrest Mines, Alberta.

This township is the hub of this coal district

The town of Hillcrest is situated within less than one mile of the main entrance of the Frank mine, within three quarters of a mile of the Bellevue mine, within three quarters of a mile of the Maple Leaf mine, within three quarters of a mile of the Lettich Collieries and within one half mile of the Hillcrest mine.

### The Townsite Will be Open Shortly.

A hotel costing ten thousand dollars has just been finished and the furniture is being installed. There are already forty seven buildings in the town. The Hillcrest Mine payroll averages between \$15,000 and \$30,000 per month while the combined payroll of the mines surrounding the town runs to about \$100,000 per month, all from mines within one mile of town.

Tyces of lots will be announced shortly. Hillcrest coal has been on the market for two years and has by all tests proven itself the highest grade steam coal in Canada. It burns a white ash and is absolutely free from clinkers. For further particulars apply to

C. P. Hill, Hillcrest Mines, Alberta.

### SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan, Alberta, the Yukon Territory, the North-West Territory and British Columbia, may be leased for a term of twenty-one years at an annual rental of one acre. Not more than 3,500 acres will be leased to one applicant.

Application for a lease must be made to the Agent or Sub-Agent of the district in which the rights are to be leased.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be bounded on each side.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the marketable output of the mine at the rate of five cents per ton.

Every lessee of coal mining rights which are not being operated shall furnish the district Agent of Dominion Lands with a sworn statement to that effect at least once in each year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. Cory,  
Deputy Minister of the Interior.

### LILLE MINER MURDERS TWO

QUARREL ANOTHER ITALIAN, TWO  
BROTHERS SLAIN BY FRIEND.

### SURRENDERS HIMSELF

Travelling Arriving From Saskatchewan  
Came Mounted in Anger. Mont Killing  
Antonio and Sam Casatta—Murder  
Cover Given Himself.

A quarrel among Italians which had been brewing for some time but which appears to have arisen from an insignificant cause, culminated Friday at Lille in a double murder. The victims were Antonio and Sam Casatta, brothers who were shot to death by Angelo Mont. The murderer came direct to Frank and gave himself up to the police and has been committed for trial and sent to Macleod.

The Casatta brothers were miners in the employ of the West Canadian Collieries. It appears that Mont was the helper or back hand for the brother Sam and that the two had not gotten along well together for some time, Casatta claiming Mont was "no good".

Friday afternoon about 4 o'clock Mont came off shift and proceeded to the house of Louis Parni where all three lived and was washing up when the Casattas arrived. Words at once ensued over the charge of the Casattas that Mont was "no good" and Antonio Casatta declaring he would kill Mont, picked up a club and was about to strike him when Sam and Mrs. Parni intervened and prevented him.

Mont finished washing and went up stairs to dress. A moment or two later, he came down stairs again, armed with a double barreled shotgun and standing on the landing, opened fire on the brothers.

Sam, standing with his back to Mont, received a charge in the shoulder blade and fell to the floor. Antonio was facing the murderer and received the charge in the neck. He died instantly. Sam lived almost exactly twenty-four hours when his wound also proved fatal.

A post mortem examination performed by Dr. O'Hagan revealed that in both cases the shot ranged downward and penetrated the lungs.

When he did the shooting, Mont was dressed only in an undershirt, trousers and shoes with no stockings. Without waiting to dress further, he struck out and made his way to No. 1 camp where he kept in hiding for some time and finally headed for Frank. In the meantime, Corporal Askey, in charge of the mounted police detachment here, had been notified and he was fortunate enough to catch a train immediately for Lille. Arriving there he procured assistance and was quickly on the trail of Mont. He was tracked through the snow to No. 1 where the trail was lost owing to the fugitive having made a blind trail by doubling back and forth on his tracks.

The searchers being thus delayed, Mont had time to get out of camp and about 6 o'clock he struck the wagon road and ascended W. Davitt who was driving from Lille, accompanied by Coroner F. M. Pinkney. Mont asked for a ride and was accommodated. He would ride a distance and would then get out and walk to keep warm. Finally he got into the wagon and struck up a conversation. He asked if the gentleman had heard of the murder and being told they had, asked if the man who did the killing would be hanged if caught. He was told by Mr. Davitt that if he had done it in self defense he would probably get off but otherwise he would no doubt be hanged. Mont then admitted that he was the man and said he would go to the police and give himself up. On arriving in Frank, Mont got off at the barracks and surrendered to Constable Holmden.

Saturday Coroner Pinkney held an inquest on the body of Antonio and the preliminary hearing of Mont was held. The verdict of the coroner's

### MOUNTED POLICE WANT LAND

There is a movement on among the rank and file of the mounted police to procure for the members of that force a land benefit similar to that bestowed upon South African veterans in the new Oliver land bill. The old timers among the police contend that men who have devoted their lives or a great portion of them to the public service in the mounted police organization ought to be entitled to as much consideration as men who served but a brief period in the Boer war. On this hypothesis they are taking steps to procure if possible a further amendment of the land act to provide for the extension to them of the same benefits conferred on the war veterans. A meeting was held at Macleod recently at which the old timers on the force took steps to get the movement under way. It is reported that for all men who have spent their full time to retirement the same concessions be granted as are given war veterans and that men who have spent five years in the force be allowed to take a homestead and satisfy the homestead requirements by cultivating a given number of acres.

### TWO CHEAP SCHOLARSHIPS

Alberta college, Edmonton, is offering two scholarships to the students of grade V and VI of the public schools of the province of Alberta. These scholarships will be awarded to the students who make the most marked progress in penmanship during the school year from Sept. 1st, 1908 to June 1909.

The first scholarship will consist of tuition in Alberta college in any department to the amount of fifty dollars.

The second scholarship will consist of tuition in Alberta college in any department to the amount of thirty dollars.

The conditions are:

1. The competitors must be regular students in the public schools of Alberta, and must have attended at least one hundred days of the year completed above.
2. Each competitor must on or before Nov. 15, 1908, write a letter to Alberta college stating full name, age, present office address, name of teacher, name of school district and names of the other members of standards V and VI, and making request to be entered on the list of competitors.
3. Each competitor must also submit a sample of his penmanship, made in accordance with instructions in the teacher's possession. These specimens will be collected, certified by the teacher to be the work of the student, and forwarded by the teacher to the college before Dec. 1st, 1908.
4. The final samples, upon which the award is to be made, must be similarly collected by the teacher, and forwarded to the college not later than June 15th, 1909. These must be accompanied by a certificate from the teacher that all the conditions of attendance and other requirements have been duly fulfilled by the competitor.

In making this offer the college has the hearty approval of the education department of Alberta in its effort to improve the penmanship in the public schools. Moreover the successful competitors will have the advantage of the present working arrangement for affiliation with the new university of Alberta, if they choose an Arts course.

It was to the effect that deceased came to his death from the effects of a gun shot wound inflicted by Mont. At the hearing which was held before Inspector Starnes of Macleod by Sergeant Detective Piper presiding, the story of the killing was brought out as here told and at the conclusion an order of committal was made and Mont was sent to Macleod the evening.

Sam Casatta died while the preliminary was in progress, about 4 o'clock Saturday afternoon. Coroner Pinkney held the inquest in this case Tuesday, the verdict being the same as in the previous one.

The funeral of the Casatta brothers was held Sunday, the bodies being buried at Blairmore cemetery.

### PREPARE TO DO BATTLE

LIBERAL PARTY ORGANIZING THE  
FIGHT FOR CAMPAIGN.

### ENTHUSIASM IS HIGH

First Survey of Situation Shows Indications of a Prominent Victory for A. M. Macdonald—Heavy Campaign Expected—Vigorous Steps Planned.

The first steps toward making an energetic campaign in the dominion election were taken by the liberals of The Pass this week. All of the camps of the district have been organized and there will be fifty times politically from this time on.

Organizer F. W. Brown arrived in Frank Monday morning and at once arranged for a series of meetings to perfect organization. That evening meetings were held at Frank and Blairmore. Tuesday evening a meeting was held at Coleman and Lille, Bellevue, Hillcrest and Passburg have been looked after with the result that there is now a complete organization. At Frank and Coleman there were strong organizations and re-organization was not necessary but associations were formed at the other places.

The meetings at Frank, Blairmore and Coleman were especially satisfactory. Blairmore and Coleman in particular, turning out very large numbers.

Organizer Brown has now visited all the camps and a preliminary estimate of the situation is possible. With it Mr. Brown is highly gratified. To THE FRANK PAPER he stated that he was more than pleased and predicted that even if no gains are made from this time, which of course is not possible as nothing at all has been done hitherto, the party would carry the district.

At Frank the association secured the vacant store building in the Goats block for committee room. The place will be fitted up and kept open for the benefit of all persons who may wish information of any kind relative to the election. An enumerator to prepare the voting list will be at work next week and the list will be kept at liberal headquarters each evening to enable any person who might possibly be overlooked, to get his name down.

At Coleman the association secured Eagles Hall as headquarters and after selecting election officers, adjourned to tomorrow evening when another meeting will be held to perfect arrangements.

A large and very enthusiastic meeting was held at Blairmore Monday evening for the purpose of organizing and making the preliminary arrangements for the campaign. Rooms for headquarters purposes were procured in the building formerly known as the Parks restaurant and the place was filled with a most enthusiastic gathering. Mr. Brown addressed the meeting and urged harmony and an active campaign, after which organization was effected. The officers elected were:

President, Capt. W. A. Beeby  
Vice president, A. A. Sparks;  
Secretary-treasurer, Louis Dutil.  
An executive committee of seven was also chosen.

ENTIRE UNDER NEW ACT

Under the new dominion lands act from September 1st to September 14th, inclusive the following number of quarter sections were entered for:

Homesteads—4,559.  
Pre-emption—5,599.

The total number of quarter sections entered for was 10,158 and the total number of acres disposed of by entry, 1,748,900.

Taking pre-emption and purchased homesteads 8,308 quarter sections were sold and \$9,000,000 provided toward the building of the Hudson's Bay railway.

# SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS

Any two unoccupied sections of Dominion Lands in Manitoba, Saskatchewan and Alberta, containing 8 and 16 acres, may be homesteaded by any person who is the head of a family or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situated.

The homesteader is required to perform the conditions connected therewith under one of following plans:

(1) At least six months residence upon and cultivation of the land in each year of the three years.

(2) If the father for the mother, if the father is deceased, of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W. Carr,  
Deputy of the Minister of the Interior.

## Frank News in Brief

Alex Coyette, dealer in furniture and wall paper.

Mrs. Charles Chestnut has returned from a visit to friends at Round Lake.

Walter Fisher of the F. Burns company has been transferred to Blairmore and will move there shortly.

The opening dance given by the Union Hotel at Hillcrest last Friday evening was largely attended and was a signal success in every respect.

The Coleman young men gave another of their dancing parties Friday evening last and as usual it proved a most delightful affair. Quite a number of Frank people attended.

Mrs. J. B. Rudd has her new store building at Hillcrest completed and expects to be open and ready for business the first of the week. The second story has been built for a hall and will be known as Hillcrest Hall. Next Friday evening a free opening dance will be given.

It appears that in the list of Chinamen having been naturalized to vote for John Heron, the case in which A. C. Beach was given as the naturalizing officer, was in error as Mr. Beach was not a J. P. in 1914. The Frank Press gladly exonerates Mr. Beach. There was no error with regard to the other cases.

An important announcement is authorized by the Canadian American company to the effect that an electric light plant will be installed immediately. The company has purchased the pole line of the old company and has already ordered a new engine and dynamo. The plant is to be of 1500 light capacity and will be ready for business before winter sets in. The company also announces that it will begin at once to pump out the shaft with a view to resuming operations there.

The search for the body of Mrs. Robert Connolly who disappeared from her home at Bellevue a week ago last Saturday, has gone on all week but without result. It seemed especially and that the body of the unfortunate old lady would have had to have lain out during the big snow storm of last week but nothing could be done to prevent it. Much apprehension is felt now lest the remains be discovered by coyotes before found. Mr. Connolly has offered a reward of \$50 for the recovery of the body in the hope of stimulating the search.

G. E. C. Martin has been appointed justice of the peace for Frank.

Joseph Furschong has this week opened a branch barber shop at Coleman.

Hugh Gunn of Cowley spent in Frank with Mrs. Gunn who is at Dr. Macleod's hospital.

John R. Galvin, vice president of the U. M. W. A. was a visitor to Frank Tuesday.

Archibute Leitch was over from Cranbrook Tuesday to visit the Leitch Collieries at Passburg.

For Sale—A pair of fine pure bred Black Minorca chickens for breeding purposes, a cock and five hens. Cheap if taken at once.

J. Graham, Frank's new and very competent blacksmith, who has been living at Blairmore, expects to move his family to Frank shortly.

Sergeant Haslett has been recalled to Macleod and is succeeded by Corporal F. Askey as head of the police detachment in The Pass. Mr. Askey formerly served about two years here in the same capacity.

Mrs. W. T. Moody is moving to Michel to join her husband who has secured a position there. She will be accompanied by her daughter Mrs. McVicar who will remain in Michel pending Mr. McVicar's decision as to his future movements.

The Baptist society of Frank and Blairmore has decided to build a church at Blairmore and has procured a site in the Pelletier addition. It is hoped that \$2000 can be raised and an appeal is made to all to assist with contributions. Mr. Pelletier donates a lot and sells the other one required, at a reasonable figure. Other substantial contributions have come in and a good start has been made toward raising the money. The building committee is composed of F. M. Pinkney, J. J. Thomas, J. W. Graham, A. McLean and J. Sargeant, the pastor.

Tuesday while Andy Hood who lives just below Hillcrest, was looking for the body of Mrs. Connolly, he observed on the river bank at the east edge of the slide, a pile of clothes and on investigating, found a complete suit of men's clothes. On the ground near by was a letter in a foreign language bearing the address: "A. E. Picola". Mr. Hood brought the letter to police headquarters and an investigation was made. The conclusion was reached that the owner of the clothes had merely taken a bath and thrown away the old clothes.

## HEALTH Without MEDICINE

HEALTH CAN BE SAVED BY THIS NEW METHOD

All sickness is alike to OXYDONOR. It is apt to all cases no matter what the form of disease may be. No one can apply Oxydonor rightly without benefit. No one is now immune to any form of disease until the prime conditions of life are lost by the irreparable destruction of some vital organ.

Organization of the whole organism through the use of Oxydonor reaches and remedies all difficulties. It has brought health and happiness to scores of miserable creatures from Rheumatism (Gout), Infarction, Muscular, Nervous troubles, Bright's Disease, Catarrh, Jaundice, Indigestion, Dyspepsia, Lung Trouble, Erysipelas, Liver, Kidney, Bladder and Stomach troubles, Neuritis, Leptospire, Bronchitis, Paralysis, Childen's Allergies, Female Troubles, Tumors, Abscesses, etc.

Mrs. J. W. Graham, Neapolis, Alta., writes: "Received the Oxydonor and had it a source of great relief, although I have had it hardly a month. The first night I slept and rested better than for weeks and my bowels have moved regularly every morning while I used the Oxydonor during the night."

My general health is greatly improved. For years I have been compelled to take a physic every day and been subject to severe headaches and nervousness, but find them all disappearing and how thankful I am. My children say I look ten years younger, and I was just sixty-nine years old the 6th of May."

Write today for valuable book No. 91 mailed FREE.
